

TT No.014: 26/01/05 Club/Ground Focus: *Dave Reed* - Locks Heath (Wessex League 2);

I had a trip to Hampshire on Saturday with my travelling companion Ken Kenealy to take in the clash between Locks Heath and Poole Town. It was fine when we first arrived at the ground but, not unexpectedly, it was raining by three o'clock with the second half being particularly wet. With no cover, it was rather difficult to keep my umbrella up and make notes on the game but the second placed visitors came out on top against the third placed home side. The twenty paged programme which sold for £1 was adequate and a bucket collection was made during the second half. Despite the inclement weather it was a decent day out.
